- Polychlorinated Biphenyls (PCBs)
- Polychlorinated Naphthalenes (> 3 chlorine atoms)
- Radioactive Substances
- Red Phosphorous
- Tributyl Tin (TBT) and Triphenyl Tin (TPT)
- Tributyl Tin Oxide (TBTO)

Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

Automotion Components Ltd. has evaluated the products offered by the company regarding their status under Registration, Evaluation, Authorization and restriction of Chemicals (REACH), the European Union regulation covering the use and importation of chemicals and substances into the European Economic Area (EEA). Section 2.1 of the ECHA guidance document (Requirements for Substances in Articles) defines an article as "an object which during production is given a special shape, surface or design which determines its function to a greater degree than its chemical composition". Most **Automotion Components Ltd.** products are considered articles under this definition and have been found not to contain Substances of Very High Concern (SVHC) as listed on the Candidate List of Substances of Very High Concern at concentrations above 0.1%(w/w). REACH regulations do not require **Automotion Components Ltd.** to register, notify or communicate substance information on products meeting these conditions that are offered in the EEA per section 4.2 of the ECHA guidance document. This statement covers all legitimate products offered in the official **Automotion Components Ltd.** catalogues or on the official websites.

Authorized signatory for **Automotion Components Ltd.**

Anthony lafrate Managing Director, March 2017.
